**Term 1 2022 Commencing Students**

The Bachelor of Media Arts/Education is a four-year program for students intending to become secondary school teachers in Graphics & Multimedia Technology and Visual Arts.

Students complete the Media Arts component (96uoc) and the Education component (96uoc).

The courses that the student completes as part of their studio sequences, in the Media Arts component, will form the 'subject content' for their chosen teaching area(s). For this reason, students must choose specific combinations of studio sequences to meet NESA accreditation requirements. **Please refer to the table on page 3 for information on the appropriate studio sequences for your teaching areas.**

It's very important to refer to the online handbook for your program requirements, plus any additional notes on accreditation. The sample program on the following page shows you an example of how you might plan your enrolment. This should be adapted based on the availability and prerequisites of courses for your Fine Arts component.
