## Research Activity

Economies: their similarities and differences

- examine similarities and differences between Australia and at least one economy in Asia in relation to:
- economic growth and the quality of life
- employment and unemployment
- distribution of income
- environmental sustainability
- the role of government in health care, education and social welfare.

Find statistical measurements on both China and Australia for the following Economic issues and Policies: (Ensure you put the date of the statistic in also!)

Statistics:	Australia	China
Economic growth		
Quality of life  HDI		
Unemployment		
Distribution of income  ■ Gini Coefficient		
<ul> <li>Environmental sustainability:</li> <li>Loss of Biodiversity</li> <li>Water Quality</li> <li>Air Quality</li> <li>Soil Quality</li> <li>Carbon Emissions</li> </ul>		
Gov't Intervention:(Policies)
