

## SCIF2041 RESEARCH INTERNSHIP A & SCIF3041 RESEARCH INTERNSHIP B ENROLMENT APPLICATION

The Faculty of Science research internship courses involve a short theoretical or experimental research project supervised by an academic staff member. The internship may encompass project planning, literature review, project development, fieldwork, experimental work, statistical analyses and oral and written reporting. The format of the course is flexible and decided upon by both the student and academic, however, it should involve the same amount of work as a standard 6 unit of credit course, i.e. approximately 6 hours per week of contact hours with an additional 6 hours per week of study time. Assessments may involve such tasks as a literature review, a lab report, a mock / real manuscript for a target journal, etc.

**NB: Students are expected to have a WAM of 70 or higher to apply. SCIF2041 has a minimum 48 UOC requirement; SCIF3041 has a minimum 72 UOC requirement. These courses are graded on a satisfactory/unsatisfactory basis.**

### INSTRUCTIONS

- Locate a potential supervisor and discuss the possibility of a research internship
- Agree on the expected work for the proposed project, assessment tasks and deadlines and add the information to this application form.
- Submit the application form to the Nucleus Student Hub for review. If your application is approved, the Nucleus will enrol you.

### SECTION 1: PERSONAL INFORMATION

Family Name:	Student ID:
Given Name:	Program Code:
Phone Number:	Stage/Year:

### SECTION 2: COURSE DETAILS

Course to be enrolled in ( <i>choose one</i> ):	SCIF2041 Research Internship A	SCIF3041 Research Internship B
In which term would you like to enrol in this course?		
Supervisor Name:	Supervisor Email:	Supervisor School:
Proposed Project:		

### SECTION 3: ASSESSMENT

Assessment Task	Indicative Weighting(%)*	Due Date
Literature Review	(20-30%)	
Laboratory performance	(20-50%)	
Presentation/seminar	(10-20%)	
Report/paper	(20-30%)	
Other (please specify)		

\*As this course is satisfactory/unsatisfactory, the indicative assessment weighting is provided only as a guide for expected time commitment.

### SECTION 4: AUTHORISATION

We have discussed the proposed project, the expected amount of work for the project, details of assessment, and other matters associated with plagiarism and penalties.
