UNSW Data
Science Hub &
UNSW Water
Research
Laboratory

Apply if you have a
strong background in
computer
programming and/or
data science

Knowledge + passion
for surfing is
desirable but not
essential

Want to help Australia achieve gold at the 2024 Olympics and beyond? Now that surfing is an official Olympic sport, new innovations are needed to give our athletes a competitive advantage. You can help them through our 2-year scholarship for a Research Masters in Sports Analytics using emerging technologies and AI.

This project is made possible by CSIRO's Next Generation Graduates Program. It is also part of a national consortium in sports analytics, providing training and interaction with other students doing research in sports analytics.

2023 PARTICIPANT
CSIRO Next Generation
Graduates Program

For more info and to apply, contact Dr. Mitchell Harley: m.harley@unsw.edu.au by Thursday 30 November 2023

Note: this scholarship is open to Australian or New Zealand citizens or permanent residents, as well as those entitled to stay in Australia, or to enter and stay in Australia, without any limitation as to time, such as humanitarian visa holders, as per the Higher Education Support Act
