Run 'SPSS Commuter Utility' application and check out from available pool.

If check out license is for over 7 days, locate the spssprod.inf in the package content for SPSS application. file by following steps below on the Mac. The detitanation folder where the SPSS is installed can be located from installation step g. The file should be in the **'bin**' folder in **'Contents'** folder.

Use 'Open with' option by right clicking on spssprod.inf file and select '**TextEdit**' to edit. Update the field 'Commuter/MaxLife' to 30. After saving the file, run 'IBM SPSS Statistics 26 Commuter License' application and check out from available pool.

Please note maximum checkout days for Commuter License is 30 days, if needed for more than that, need to renew/check out SPSS commuter license again while connected to UNSW VPN or UNSW network.
