

UNSW IT – Install Guide for Windows

1. Launch the installer file you have downloaded from the UNSW IT Website, you

may be required to install supporting addons such as 'Microsoft SQL Server 2014

Express Local DB'.

NVivo 12 - InstallShield Wizard
NVivo 12 requires the following items to be installed on your computer. Click Install to begin installing these requirements.
Status Requirement
Pending Microsoft SQL Server 2014 Express LocalDB (x64)
Install Cancel

2. Follow the prompts for installation, you will be asked to agree to NVivo's 'End

User License Agreement' and specify your desired location of installation. You

will also be prompted to install additional add-ons.
