## EDITORIAL

Welcome to **Blitz**, the all new, all natural, 100% cholesterol free weekly publication of the UNSW Union. This is the first issue of what we hope will become automatic reading for all Union members. Our intention is to ensure Blitz is informative and entertaining, to help all members of the Union know about the large array of resources that exist for your use. Too many people on campus know too little about the organisation which exists specifically "to provide opportunities for intellectual and social development". Far too many of the people who do use Union resources say "I've been at Uni for x number of years and I never knew this place existed".

We, the student editors, aim to make Blitz the mouthpiece of the Union membership. If there's something you don't like or don't understand about what the Union does and how it operates, we want you to write to us or come and see us and we'll both print your queries and endeavour to get the most comprehensive response possible as quickly as possible. Too many student activities become dominated with petty concerns or overly bliticised which makes them a chore to be involved with. Our intention is to ensure that our door is open as wide as possible and as long as possible. We are here to help, not to judge.

But we also want to have fun. Blitz will never take itself too seriously, and we want to look at things off campus as much as we want to cover what's on in the Bar each week. So give us some time each week and give us a go. If you think we're doing a crap job then tell us, cos that's the only way we'll get it right. With our thoughts we make the world and with our pickles we cover the ceiling.

Contributions for Blitz are highly desired by your poor student eds to ensure they don't have to write everything themselves. Deadline for each week is Friday 5pm (i.e. 9 days before it appears), though special consideration can sometimes be begged. Ideally, any articles would be on disk, but all articles will be accepted as long as they have a name and contact number. Send your articles, queries and good wishes to the Communications Department, 1st Floor, Blockhouse. Phone: 931-3131.

## On BOARD!

#### The Union Board

Once upon a time, there was a University Union that decided it needed direction, and so formed a group of 14 special people These people, calling themselves (most straightforwardly) the Union Board of Directors, had the humungous task of overseeing all Union operations, from the many food outlets and retail stores to campus entertainment and function rooms.

The people on this Board travelled from far and wide to be a part of the group:

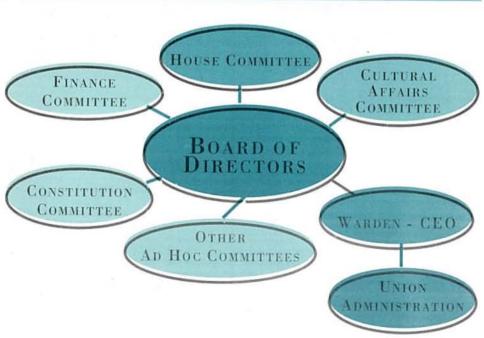

- · Seven of them were elected from the great swarming masses comprising membership of the Union. These people were almost invariably of the student variety, with the typical associated hygiene problems.
- · Another three people came to join from the big pond of Union Life Members.
- · Three more people were

recruited by another group of mystics known as the University Council.

· The last was the Warden, whose responsibility it was to see that it all worked and was good.

One day the Board people decided, seeing that there was so terribly much to do, to split up into sub-groups, each one with their own special tasks. Hence was formed the House Committee, the Cultural Affairs Committee, the Finance Committee, and some other committees.

Some more of the great masses were co-opted to these smaller committees to give a balance of view. These little groups reported to, and advised, the Board people on what was happening in their little areas of specialisation. Here is a cute and almost official -looking little diagram; explaining how it all worked.

WHAT MAKES THE UNSW Union Tick? THIS WEEK WE LOOK AT HOW THE UNION BOARD WORKS AND WHO THE PEOPLE ARE THAT MAKE ALL THE BIG DECI-SIONS.

## FOUNDATION DAY 1961 TO 1994

## Foundation Day...What is it, why is it held and who does it's hair?

Foundation Day is a celebration of

the founding of what is now UNSW. It is always held on the second Thursday of second session and the idea is to both have a good time and to raise money for charity. These funds are raised through "borrowing" particular items from the community and auctioning them back to their owners (see the back cover for the complete list).

The first Foundation
Day was held in 1961,
back when UNSW was
considered a second
choice to Sydney Uni as
a place to study.
Foundation Day was
officially declared a uni
holiday. Students would
raise the profile of the
uni in the community
with a parade through
the city centre and by
performing stunts. The

day would end with a Foundation Ball where the winners of the Scavenger Hunt were announced. (the first winners were the Accountants!) Sadly, both the parade and the holiday lost support and were abandoned in 1983.

Fortunately the stunts and scavenger hunt are still going strong. Originally teams of no more than six students from each faculty would have to register to be a Foundation Day team. Their stunts would be outlined (in confidence) to the Foundation Day organisers.

In return free legal assistance would be provided if necessary. The teams could be assisted by any number of students from their faculties. In the interests of fair play no team could impede or sabotage the activities of any other team. Some of the all time classics pre-

THE TEN FOUNDATION DAY COMMANDMENTS

• Thou shall honour thy Foundation Day, and honour its passing,

 Thou shalt rejoice and prepare in its coming and know and participate in its events,

 Thou shalt hold the Foundation Day in awe and keep no holiday in its stead,

• Thou shalt distribute amongst the peoples the Foundation Day Tharunka for the enlightenment of them all,

• Thou shalt collect from the peoples their monies in the name of the Foundation Day cause,

• Thou shalt proceed through the campus in a procession bearing symbols for the enlightenment of the peoples,

Thou shalt scavenge out from the streets and the houses and from the peoples the articles of Foundation worship,

• Thou shalt do such deeds as lend glory to the Foundation Day and evade the blue and silver cult with diligence,

 Thou shalt bear the consequences of an encompassing gloom for thy absence from the Foundation Day celebrations,

 Thou shalt not deign to speak of or treat the Foundation Day with scorn lest thou live out thy student days in absolute misery.

Foundation Day stunts include:-

- Rowing across Sydney Harbour in a bathtub,
- Kidnapping Brian Henderson, back when he was the 'cool' host of *Bandstand*, live on TV;
- 'Borrowing' an alligator from the zoo and depositing it in Lake Bourke (where the Village Green now is);
- Giving the Monorail the Measles;
- Playing porno movies in George Street and Setting world records for stuffing people in Minis (743,000!)

The very best stunts require a lot of planning, effort and guts. Inevitably, killjoys will declare any stunts as bad taste student pranks which waste community resources. These kind people have no spunk. and should be allowed to die the

pitiful, meaningless and boring deaths to which they are destined.

## DISCOUNTS DISCOUNTS

If you go into any Union outlet from now on, you should see somewhere near the new cash registers notices detailing the Union member discount scheme. After much deliberation and anticipation, the discount scheme started on ally 18th. If you are a fee paying student then you are a member and you are entitled to the discounts. All members, and only members, are entitled to a 10% discount on most items and services available.

When you go to pay for what you want, the cashier will enter all the items and and give a subtotal. To get the discount YOU MUST SHOW YOUR MEMBERSHIP CARD (i.e. your student card, if you're a student). The cashier will then press a magic button which will discount all the applicable items and you cough up the summarily reduced amount of moola.

SHOW YOUR CARD AND PAY LESS.

If you do not show your card then you CANNOT receive the discount. It's that simple.

Showing your card will get you discounts on anything sold in Union retail or foodoutlets except Tobacco

#### Mr Wonderful

Dendy Cinema, Martin Place

Director: Anthony Minghella Starring: Matt Dillon

> Annabella Sciorra Mary-Louise Parker William Hurt

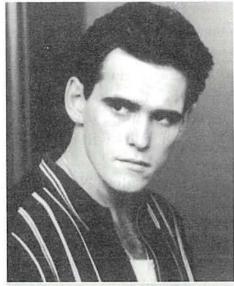

If your brain has lain dormant over the break Mr Wonderful certainly won't stimulate it back into action. However, in keeping with the style of Truly, Madly, Deeply director Anthony Mingella, the film will evoke those squishy feelings we all pretend don't exist.

Mr Wonderful is a romantic comedy set in the heart of New York City. Matt Dillon stars as Gus, a Con Edison electrical worker, mired by alimony payments to his ex wife, Lee(Annabella Sciorra). Gus needs the money he pays Lee to fulfil his dream of owning the bowling alley of his childhood. Alimony only stops if Lee gets remarried. Thus, Gus, his mates, and even his girlfriend Rita (Mary-Loise Parker) put in an effort to find Lee a "Mr Wonderful".

Dillon's cheeky and easy-going appearance make him perfect for his role as the working class guy who hasn't quite got over his marriage break up. He manages to rise above the potential soppiness of the script to create a convincing character.

Similarly, Sciorra is convincing as the young and beautiful ex- wife discovering her independence and worth through work and college after her divorce. Mary-Louise Parker has a fairly wussy role as the jealous girlfriend who, in seemingly out of character fashion, is later able to assert herself as a woman who deserves better ...

William Hurt plays the smarmy married college professor with whom Lee is having an affair. The role is very him and he plays it with ease.

Matt Dillon sparks as an electrician in 'Mr Wonderful' a romantic comedy about second chances at first love.

As implied by the films mawkish title, Mr Wonderful is indeed one of those soppy, predictable romantic American comedies. However it is one of the better ones. Perhaps through the likeability of the actors, (certainly not through the brilliance of the script or the originality of the plot), the film is very enjoyable and certainly one a classic 'feel good'. A must for Matt Dillon fans, or as a lazy, wet, Sunday afternoon video.

## SNAPSHOT

#### THE UNSW UNION COMMUNICATIONS DEPARTMENT

The Communications Dept was created as a result of the major Research Project conducted amongst students during 1993. It's our job to let you know what the Union's up to.

#### Publications

Well, you're reading one of them. Blitz Editors Alf Conlon and Selena Griffith have been hard at work producing the first new issue. Let us know what you think! We also design the Union's advertisements, brochures, and posters. They have the creative input from Kerry Acott, Olivia Greentree and Rodney Sammut. Another of our publications is the Annual Report. As a member you are entitled to a copy - pick up one from Union reception (1st floor, Blockhouse). Besides all the dollar figures, it makes interesting reading to find out how the Union has been using your membership fees.

#### Marketing Research

If you've wondered who are those people accompanied by clipboards

always asking questions about Union services, then they're probably from the Communications Dept. Rodney Sammut our intrepid researcher regularly cases the Uni for more info about how the Union can improve its food and retail outlets for members. Some of the projects have included: Do students want Pizza Hut on campus; How can the Union improve RAD dept facilities; How effective are the Yellow Shirts; What music do students prefer to buy; and What services do Post grads need. Marketing research is a fundamen-

The Communications crew goes arboreal

tal technique to evaluate not only how the Union is doing, but how it can improve.

#### Oral What?

Oral Blitz! Karen James and her team of Blitzers descend upon a lecture theatres armed with lollies to announce the latest bands, specials, and entertainment provided by the Union. Braving the possibility of abuse and disinterest, these Blitzers do a great job waking students of statistics, demographics, and form theory, and shaking everyone else out of social apathy.

#### Voice Box

Got a gripe about Union services? Don't tell your friends, tell us - we can do something about it. Everything from putting more sauce on your chips and stocking better muffins, to discounts, new buildings and refurbishment. All you have to do to be heard is simply complete a yellow Voice Box form and place it in the yellow box found in all Union outlets. These are collected every week. Look for your reply on the notice board of that outlet, or it may be printed in Blitz.

#### COMMUNICATIONS DEPARTMENT

Location:

1st Floor, Blockhouse Phone: 931-3131

#### ORAL BLITZ VOLUNTEERS

Oral Blitzers are extremely talented, important and brave persons who get up at the beginning of your lecture to give a short, informative and hopefully humorous rendition of the Blitz you are currently holding. In return for this minimal effort they receive not only a very sexy Oral Blitz T-shirt, but also Volunteer lunch vouchers from the Union.

So are you enthusiastic, loud and outgoing? Come and join our dedicated team of Oral Blitzers, see Karen at the Communications Dept. SOON!

### Creative Development Courses Spring 1994 Aug 22 - Oct 21

You'll be surprised at the good looking bowls, planters and sculptures you can handbuild - and they'll be recognisable! This weekend course is just \$65 (\$75 non members).

Pottery could also become a lucrative source of income at the markets. But more importantly it is a form of relaxation and self expression. Courses for beginners and intermediates cover the traditional techniques of throwing - on belt electric and kick wheels. As clay has a habit of getting everywhere, don't wear your best clothes. Tutors Robert Charlebois and

Karen Smith have a passion for developing glazes and experimenting with surface decoration, so look out for some creative inspiration. A mere \$150 for members, \$175 for everyone else.

A brand new funky service counter is just one of the fabbo new things in the freshly painted Union Shop. Nice people too.
