Terminology	Definition
Program compulsory core courses	Courses which students must complete under their enrolled degree e.g. Bachelor of Actuarial Studies/ Bachelor of Economics 3588
Economics Major	• Students must complete at least one major in Economics, Econometrics or Financial Economics consisting of ten courses (60UOC). • An economics major includes six courses (36UOC) from the economics compulsory first and second year core courses. (Note that ACCT1501 and ECON1401 do not count towards an economics major. In addition, for Bachelor of Actuarial Studies students MATH1151 is a substitute for ECON1202, and MATH1251 is a substitute for ECON1203). • For each economics major, students must complete an additional four economics courses, including at least three (3) level 3 courses (numbered 3XXX). If a student chooses to complete a second Economics major, and the Majors have courses in common outside the core courses, the common courses can only be counted towards one major.
Economics Electives	Account for 12UOC (2 courses) from the School of Economics to ensure a student completes a minimum of 84UOC of Economics courses within the School of Economics.
UNSW Business School Elective	Account for 36UOC (6 courses). These courses must be taken from Actuarial Studies, Economics or from another School from the UNSW Business School. These UOC can also be made up of additional actuarial studies or economics courses, or as part of a minor or major approved for the Bachelor of Actuarial Studies or Bachelor of Economics. Note that, for some majors, additional study of courses above the minimum stipulated for the dual degree program may be required.
General Education	Account for 12UOC (2 courses) and are to be taken outside the UNSW Business School. Please note that students enrolled in programs within the UNSW Business School cannot take General Education courses offered by the UNSW Business School (i.e. GENC code).
