Program and Course Terminology

Please refer to the 2022 Handbook for the program and major rules: <https://www.handbook.unsw.edu.au/undergraduate/programs/2022/3671>

Terminology	Definition
Compulsory First-Year Courses	Students must complete 54UOC (9 courses) of First-Year core course required for Actuarial Studies and Information Systems.
Compulsory Information Systems Core Courses	Students must complete 72UOC (12 courses) of level 1, 2 and 3 Information Systems Core Courses.
Work Integrated Learning Course (WIL)	Students must complete 6 UOC Work Integrated Learning (WIL) course within their program. This course can count as a free elective or where applicable, can count as a Commerce major elective or Synthesis course. Students who complete INFS3020 will also complete 6UOC of Prescribed Information Systems Electives.
Level 2 Actuarial Studies Core Courses	<p>Students must complete 24UOC (4 courses) of Level 2 Actuarial Studies Core Courses. Students may replace ACTL2131 with the two courses MATH2901 Higher Theory of Statistics and MATH2931 Higher Linear Models. If students make this replacement, MATH2901 will count towards ACTL2131, and MATH2931 will be counted towards a major where this course is required or as a free elective.</p> <p>Students in this program can complete INFS3603 in place of COMM2501. If students make this substitution, INFS3603 will count as an Actuarial Studies level 2 core and an Information Systems Prescribed elective. Please note that INFS3603 is still only worth 6UOC. See Table A1 for progression plan diagram.</p>
Level 3 Actuarial Studies Elective Courses	<p>Students must complete 24UOC (4 courses) of Actuarial Studies Level 3 electives.</p> <p>Students in this program can complete ACTL3142 in place of INFS3873. If students make this substitution, ACTL3142 will count as an Actuarial Studies level 3 elective and an Information Systems Prescribed elective. Please note that ACTL3142 is still only worth 6UOC. See Table A1 for progression plan diagram.</p>
Prescribed Information Systems Electives	<p>Students must complete 12UOC (2 courses) of Information Systems electives to focus on skills in data analytics, programming and/or information systems in organisations. Students who complete INFS3020 will also satisfy the WIL requirement and will need to complete 6UOC of Free Electives.</p> <p>Students in this program can complete INFS3603 in place of COMM2501. If students make this substitution, INFS3603 will count as an Actuarial Studies level 2 core and an Information Systems Prescribed elective. Please note that INFS3603 is still only worth 6UOC. See Table A1 for progression plan diagram.</p>

	Students in this program can complete ACTL3142 in place of INFS3873. If students make this substitution, ACTL3142 will count as an Actuarial Studies level 3 elective and an Information Systems Prescribed elective. Please note that ACTL3142 is still only worth 6UOC. See Table A1 for progression plan diagram.
Optional Actuarial Studies Majors	Students may wish to complete an optional Actuarial Studies major (ACTLE1, MATHE1). If students do not complete an optional Actuarial Studies major, students will complete program with a default major by completing program requirements. Note: Students in this program will exceed the minimum required 192UOC if they choose to complete an optional Actuarial Studies Major. Students cannot complete both a default major and an optional Actuarial Studies major.
Free Electives	Free electives will be available for students who completes ACTL3142 and/or INFS3603 as substitutes. It will also be available for students who completed INFS3020 as it fulfills both the WIL requirement and 6UOC of prescribed Information Systems electives. These courses may be taken from the Business School or other Faculties. GEN coded courses cannot be counted as free electives. You may choose to use these Free Electives to complete an optional approved major (additional UOC may apply)
Level 1 limit	The maximum level one limit in this degree is 72UOC (12 courses).
Overall Program UOC	Students must complete a minimum of 192 UOC (32 courses) across program requirements.
